CHARLEROI FIREMEN HOLD SUPPER AND CARNIVAL

Big Crowds Present Last Night, But More are Expected Tonight.

BOOTH CONTESTS LIVELY

Captains of Companies Vie With Each Other in "Hot Dog" Sales.

The two-nights' oyster supper of the Charleroi Volunteer Fire Department with its carnival features had full sway on Fallowfield avenue last night. The supper proper is served in the firemen's room in the borough building, while outside, along the curb, were booths which were hard to pass on account of the persuasive eloquence and "barking" of those in charge. This is what gives the affair a carnival aspect.

Upstairs the oyster supper is in charge of Chief J. M. Fleming, President J. S. Elliott, and Assistant Chiefs Chas. O. Frye and Daile Joliffe. Tickets to the number of 117 that had been sold were turned in last night, besides a goodly sum in cash receipts. The supper is repeated again tonight, at which the attendance is expected to be considerably larger than last night. Music was furnished by the M. E. Sunday school orchestra under direction of A. H. Bosson.

Outside the booths are in charge of the captains of the six companies as follows: No. 1, Dr. C. C. Wright; No. 2, Rev. H. C. Boblitt; No. 3, Geo. Bailey; No. 4, Joseph Haube; No. 5, Wm. Gault; No. 6, S. M. Mason; No. 7, J. H. Gault; No. 8, J. H. Gault. The booths are in charge of the captains of the six companies as follows: No. 1, Dr. C. C. Wright; No. 2, Rev. H. C. Boblitt; No. 3, Geo. Bailey; No. 4, Joseph Haube; No. 5, Wm. Gault; No. 6, S. M. Mason; No. 7, J. H. Gault; No. 8, J. H. Gault. The booths are in charge of the captains of the six companies as follows: No. 1, Dr. C. C. Wright; No. 2, Rev. H. C. Boblitt; No. 3, Geo. Bailey; No. 4, Joseph Haube; No. 5, Wm. Gault; No. 6, S. M. Mason; No. 7, J. H. Gault; No. 8, J. H. Gault.

A large crowd was in attendance last night and that section of Fallowfield avenue presented an animated appearance. Tonight a banner attendance is expected. The proceeds are for the benefit of the equipment fund of the Department's quarters.

LOCAL OFFICIALS ATTENDED

Funeral of W. D. Hartup Held at Pittsburgh This Afternoon

Funeral services for W. D. Hartup, first vice president of the Pittsburgh Plate Glass Co., who died at Hotel Schenley, Pittsburgh, Thursday night were held at 2 o'clock this afternoon Rev. Dr. H. D. Lindsay, president of the Pennsylvania College for Women officiated. Interment was made in Allegheny cemetery. Honorary pallbearers were officials of the Pittsburgh Plate Glass company, while the active pallbearers were the superintendents of the company's seven plants.

Among the officials from Charleroi who attended were Edmund Brown, Neri Newcomb, J. W. Cordes and R. O. Stillwell. The latter, who is superintendent of the factory here was one of the active pallbearers, and it was expected that Mr. Cordes, who is the supervising engineer of all the plants, would act in the same capacity.

WILL DEVELOPE TRACT

Coal Land Near Masontown Sold For \$250,000 To Pittsburghers

By a deed left for record at Uniontown yesterday the Gates Coal and Coke company of Pittsburgh comes into possession of 234 acres of Waynesburg seam of coal in the Klondyke coke field in the vicinity of Masontown. The coal is deeded to the company by Titus Libobula for \$250,000.

The sale includes 25 acres of the Freeport vein, and by the terms of the agreement the coke company has the privilege of using free of cost 40 acres of the surface land upon which to build a coking plant and other structures for the mining and coking of coal. Practically all the timber on the surface is conveyed to the company.

It is reported the coal will be developed at once by the construction of a large coking plant.

YOM KIPPUR IS OBSERVED TODAY

Jewish Holiday Began at Sunset Last Night and Ends Tonight

SPECIAL SERVICES HERE

Last evening at 5 o'clock the Jewish residents of the town began celebrating Yom Kippur, the Day of Atonement. The holiday lasts until 5 o'clock this evening, or from sunset to sunset, during which time those who observe it fast and devote the time to religious duties. The orthodox congregation has services in the Bank of Charleroi Hall, while those belonging to the reformed congregations went to Pittsburgh to attend service. According to the Jewish calendar Yom Kippur falls on the tenth day of the month of Tishri. At the time of its origin, the high priest in Jerusalem would, on this day, enter the temple and go into the Holy of Holies, where the ark of the covenant rested. Here he would offer up a prayer, first for himself, then for his relatives and finally, for all Israel.

At the present time Israel itself is considered the high priest and each worshipper, beside fasting throughout the day, will repent solemnly with prayers for forgiveness.

The women of the orthodox households lighted a huge candle before sunset last evening and this is left burning until sunset this evening, when the fast day ends.

Deputies Not Needed

In anticipation of further violence arising out of the strike at the American Window Glass company's plant on the outskirts of Monongahela, resident W. N. Munro yesterday telephoned to the sheriff's office for deputies to prevent further disorder. Deputy Sheriff Luton, who has been keeping in close touch with matters, does not anticipate any further demonstrations by strike sympathizers as the leaders of the strikers have assured him that they will endeavor to check all outbreaks.

It is believed that the local authorities are fully able to cope with the situation.

DOGS CAN'T BAY MOON AT WILL

Decision of Court Put Quietus on Canines That Murder Sleep

SILENCE O' NIGHTS IMPOSED

During the week an important case was decided by the court at Washington which has an important bearing not only in Charleroi, but in every other community as well. This was the case of an injunction against Isaac Walker restraining him from keeping dogs to the annoyance of people who claim that the dogs delight to bark and bite and bay the moon, and thus drive away sleep from tired bodies.

The action was brought by Harry P. Chambers on behalf of himself, his family and tenants, to restrain Mr. Walker from keeping his bloodhounds and other dogs in the kennels at the rear of the garage of the Washington Auto company, East Maiden street. A number of witnesses were called, residents of that section, and there is a difference of opinion as to the alleged nuisance of the dogs.

Mr. Chambers, as set forth in his petition for injunction, testified to the annoyance caused himself, family and tenants at night by the baying and howling of the dogs.

For Mr. Walker a number of residents of that section testified that the dogs were no annoyance to them; that they barked at times, but not enough to disturb their slumbers.

The court later handed down an opinion making the preliminary injunction perpetual, and stated that the particular locality was not the proper place to keep dogs. The defendant was also sentenced to pay the costs.

Notice.

The Red White and Blue reception will begin Saturday, September 25. Will continue during the season.

CHRISTIAN CHURCH HAS BIG RALLY DAY

Every Pastor of Denomination Preaches From The Same Topics

Tomorrow will be observed generally among the Christian churches as "Declaration Day" and "Centennial Rally Day." The aim for the Bible school is 2,500,000 present. Over 7,000 ministers will preach on the subjects: "Where the Bible Speaks we Speak and Where the Bible is Silent we are Silent" at one service and "A Century of Bible Study" at the other.

The services tomorrow are in preparation for the Centennial convention to be held in Pittsburgh, October 11 to 19. This community is particularly interested in this convention, for it was the Brush Run church near Middletown, Washington county, that the first independent congregation of the body was organized, and the present clerk of the Redstone Baptist association, from which the Campbells separated, is a resident of Charleroi, Wm. Shanton, of 502 Meadow avenue.

These themes will be presented from the pulpit of the local congregation tomorrow at 11 a. m. and 7:30 p. m. A Bible school rally will be held in the morning with an aim of "600 present." The session will be held at 9:45 a. m.

Observed Event

The Daughters of Rebekah Lodge No. 299, I. O. O. F., celebrated the fifty-third anniversary of its birth last evening at their lodge room. A very interesting entertainment was given consisting of recitations, songs and music with a sumptuous lunch served at the last. Many new names for admission into the lodge were given in.

Dale Allen of Girard, Ohio, was a Charleroi visitor yesterday on business.

TO KEEP THE LINES INTACT

Object of Rally Tomorrow at First Presbyterian Sunday School

SPECIAL MUSIC A FEATURE

Tomorrow the First Presbyterians anticipate a red letter day in attendance at their Sunday school, which is the occasion of a special rally. All departments of the school are expected to be well represented, and the smaller children and older members of the church will be given prominence by a good representation from the Bible Roll and Home Department. Reports of interest from representatives of all departments will be one of the leading features to show the growth of the school since the present graded system was adopted about eight months ago. New life has come into the school and there has been a healthy growth with no spasmodic effort, but rather of an increasing interest on the part of officers and teachers. It is hoped that the Rally Day will serve "to strengthen the things that remain." The music has been enhanced by the introduction of an orchestra of five or six pieces under direction of W. C. Clark that renders excellent service.

Five adult Bible classes have been organized and have given quite an impetus to the growth in the adult attendance. The offering will be taken from the board of publication and Sabbath school work, which is doing a fine work in the distribution of Bibles and Christian literature in different languages among those who arrive from various foreign countries, such as Italians, Hungarians, Poles and Slavs at the port of New York.

The church service in the morning will follow in line with the Sunday school idea, and the regular service in the evening. A cordial welcome is extended to all. Strangers are made welcome.

PICNIC AT PARK AN ADAMLESS EDEN

Sales People Minus The Men of Berryman's Store Have Outing

A very enjoyable time was had by about 37 of the female force and ex-clerks of Berryman's big department store in the form of a good old-fashioned basket picnic yesterday evening. Taking the 6:15 car for Eldora the ladies arrived at the park at dusk. On the way to the park quite a little amusement was caused by some of the girls becoming over hungry and starting to hunt for good things in the well packed baskets. A mild mannered man on the car was much startled by finding his physiognomy coming in collision with a "heavier than air" dirigible banana peeling, and he only assumed a less frightened air when shown the perfect harmlessness of the missile.

The evening was a most pleasant one especially the refreshment features. One young lady had an unlimited capacity and an inordinate desire for beef loaf, but finally had her appetite satisfied for this very tasty picnic product. Whether it was for a counteraction of such a collection of bright young ladies or not, the electric lights refused to work at about eating time, but satisfactory arrangements were made with them and the lights come on again as bright as ever.

Dancing was indulged in and much enjoyed owing to the coolness of the evening. The ladies all enjoyed the outing which is a regular event in the "big busy store."

Miss Margaret Abell has been spending a few days with her brother Edgar R. Abell of 509 Crest avenue, leaving for her home in California on Friday evening.

ANOTHER BIG PLANT United Steel Corporation Will Build One At Duluth

Plans for a mammoth steel plant to be built at Duluth by the United States Steel Corporation are nearing completion. A big dock is also contemplated there. The constantly increasing demands for finished steel products is taxing the capacity of the plants of the corporation throughout the country.

The dock will be constructed of steel and concrete. It will be 2,305 feet long and will contain 334 pockets. The deck of the dock, on which the ore will be dumped from the cars into the pockets, will be 74 1-2 feet above water.

The corporation will have its three wooden docks at Duluth overhauled. This new plant would mean big coal shipments from the Monongahela valley.

CHARLEROI PONY WINS \$100 PURSE

Race Was Most Exciting Track Event at Carmichaels Fair Yesterday

OPPONENT TRIED TO FOUL

Through an entry in the pony race at the Carmichaels fair yesterday Charleroi figured somewhat prominently. This was on account of Jay Reeves' Indian pony "Dandy," or "Shista," under which name it was entered, winning the contest and capturing the prize of \$100.

"Shista" was entered in a pony race Thursday, but was beaten because the rider of another pony out-jockeyed Jay Reeves who rode his own pony, and had never had any racing experience. "Shista," however, showed such good form that another race was arranged for yesterday. In this the Charleroi pony was ridden by Blake Thomas, and the contest was the most exciting track event of the day. The event was a half mile running race, and "Shista" was a favorite. "Billy Roy" owned by Lincoln was a close second, and it is stated that his rider resorted to foul tactics, crowding "Shista" to the fence and whipping the latter pony over the head on the home stretch. The Charleroi pony, however, came in ahead amid great enthusiasm.

"Shista" was brought by Mr. Reeves direct from the Western plains, where he was owned by an Indian who used to win races out on the prairies. The Carmichaels event, however, was the pony's first experience on a track.

Four Days' Conference in Pittsburg Results in Adoption of Scale

NO REDUCTIONS ARE MADE

Workers and Officials Expect Orders to Start Local Factory Soon

Although no official notice has been received at the Imperial Glass company's bottle factory here, or by the local Bottle Blowers' union, word came from Pittsburg that the conference committee of manufacturers and workers had reached an agreement, on the scale for the coming year, which has been holding up operations at all the bottle factories within the jurisdiction of the union. This is good news, as it insures an early start of the Imperial Bottle factory here.

According to the report, after a four days' conference in the Hotel Schenley in Pittsburg, the Glass Bottle Blowers' Association representatives and the manufacturers reached an agreement which, with a few modifications, was practically the 1908 wage scale. The manufacturers will open their plants at once, and it is expected that most of the 10,000 men out of work in this industry will resume work within the next three weeks and that all will be at work by November 1.

At the conference in July the manufacturers demanded what was practically a 50 per cent reduction, which the blowers declined to accept, with the result that all factories have been closed down since that time, although many of them were closed previously owing to the depression in business conditions. One of the representatives who attended the conference stated that by November 1 conditions would be better than at any time since 1907.

He claimed that the victories won throughout the West and South by local optionists and Prohibitionists had done much to hurt the bottle trade as there were 3,000 blowers employed in the beer bottle industry alone, but that many of these men would engage in making other kinds of ware and that eventually they did not expect the damage done would be noticeable.

Local members of the Bottle Blowers association stated this morning that they have not yet received word as to the result of the conference, and the same intelligence was given out at the office of the Imperial factory here. Both sides however, are confident that everything is settled, and that an early start will be made here as soon as the tanks can be fired up.

School Picnic.

The North Charleroi school enjoyed an outing at Eldora Park yesterday. T. P. Sloan very generously furnished a special car for the transportation of the school. Games were indulged in and the amusements enjoyed to the fullest extent by the children and teachers. Aside from a few unfortunate mishaps everything went off in a most pleasing fashion. The children are better for these outings and go back to their work with extra energy and vim.

Mrs. Elizabeth McDonough of Fifth street is spending Saturday with California friends and also looking after her business interests in that town.

Jos. Haube, the florist, delivered today at Pittsburg a beautiful floral tribute from the local factory of the Pittsburg Plate Glass works for the funeral of W. D. Hartup. It represented a broken wheel against a shaft.

Iron Work Completed

The iron work on the new river bridge at Monongahela was practically completed Wednesday. There remains some beams to be placed for the sidewalk, which will be located on the south side of the bridge, but this work will not take a great deal of time. All the heavy work is practically completed and the traveler will likely be dismantled at once. Other departments of the work are being pushed with vigor, and it is expected the structure will be ready to turn over to the two counties by the middle of November.

CHARLEROI FIREMEN HOLD SUPPER AND CARNIVAL

Big Crowds Present Last Night, But More are Expected Tonight.

BOOTH CONTESTS LIVELY

Captains of Companies Vie With Each Other in "Hot Dog" Sales.

The two-nights' oyster supper of the Charleroi Volunteer Fire Department with its carnival features had full sway on Fallowfield avenue last night. The supper proper is served in the firemen's room in the borough building, while outside, along the curb, were booths which were hard to pass on account of the persuasive eloquence and "barking" of those in charge. This is what gives the affair a carnival aspect.

Upstairs the oyster supper is in charge of Chief J. M. Fleming, President J. S. Elliott, and Assistant Chiefs Chas. O. Frye and Daille Joliffe. Tickets to the number of 117 that had been sold were turned in last night, besides a goodly sum in cash receipts. The supper is repeated again tonight, at which the attendance is expected to be considerably larger than last night. Music was furnished by the M. E. Sunday school orchestra under direction of A. H. Rosson.

Outside the booths are in charge of the captains of the six companies as follows: No. 1, Dr. C. C. Wright; No. 2, Rev. H. C. Bobbitt; No. 3, Geo. Bailey; No. 4, Joseph Haube; No. 5, Wm. Gault; No. 6, S. M. Mason. Here you can get "hot dog" sandwiches and all kinds of refreshments, and exercise your skill at various racks. The rivalry here is keen, as each captain is trying to beat the others in the matter of receipts. The proceeds of the oyster supper will be credited pro rata among the six captains, so that each will have to depend upon the receipts of his booth in the contest.

A large crowd was in attendance last night and that section of Fallowfield avenue presented an animated appearance. Tonight a banner attendance is expected. The proceeds are for the benefit of the equipment fund of the Department's quarters.

D. Lindsay, president of the Pennsylvania College for Women officiated. Interment was made in Allegheny cemetery. Honorary pallbearers were officials of the Pittsburgh Plate Glass company, while the active pallbearers were the superintendents of the company's seven plants.

Among the officials from Charleroi who attended were Edmund Brown, Neri Newcomb, J. W. Cordes and R. O. Stilwell. The latter, who is superintendent of the factory here was one of the active pallbearers, and it was expected that Mr. Cordes, who is the supervising engineer of all the plants, would act in the same capacity.

Coal Land Near Masontown Sold For \$250,000 To Pittsburgers

By a deed left for record at Uniontown yesterday the Gates Coal and Coke company of Pittsburg comes into possession of 234 acres of Warnersburg seam of coal in the Kiondyke coke field in the vicinity of Masontown. The coal is deeded to the company by Titus Libbula for \$250,000.

The sale includes 25 acres of the Freeport vein, and by the terms of the agreement the coke company has the privilege of using free of cost 40 acres of the surface land upon which to build a coking plant and other structures for the mining and coking of coal. Practically all the timber on the surface is conveyed to the company.

It is reported the coal will be developed at once by the construction of a large coking plant.

YOM KIPPUR IS OBSERVED TODAY

Jewish Holiday Began at Sunset Last Night and Ends Tonight

SPECIAL SERVICES HERE

Last evening at 5 o'clock the Jewish residents of the town began celebrating Yom Kippur, the Day of Atonement. The holiday lasts until 5 o'clock this evening, or from sunset to sunset, during which time those who observe it fast and devote the time to religious duties. The orthodox congregation has services in the Bank of Charleroi Hall, while those belonging to the reformed congregations went to Pittsburgh to attend service. According to the Jewish calendar Yom Kippur falls on the tenth day of the month of Tisbri. At the time of its origin, the high priest in Jerusalem would, on this day, enter the temple and go into the Holy of Holies, where the ark of the covenant rested. Here he would offer up a prayer, first for himself, then for his relatives and finally, for all Israel.

At the present time Israel itself is considered the high priest and each worshipper, beside fasting throughout the day, will repent solemnly with prayers for forgiveness.

The women of the orthodox households lighted a huge candle before sunset last evening and this is left burning until sunset this evening, when the fast day ends.

Deputies Not Needed

In anticipation of further violence arising out of the strike at the American Window Glass company's plant on the outskirts of Monongahela, resident W. N. Munro yesterday telephoned to the sheriff's office for deputies to prevent further disorder. Deputy Sheriff Lutton, who has been keeping in close touch with matters, does not anticipate any further demonstrations by strike sympathizers as the leaders of the strikers have assured him that they will endeavor to check all outbreaks.

It is believed that the local authorities are fully able to cope with the situation.

DOGS CAN'T BAY MOON AT WILL

Decision of Court Put Quietus on Canines That Murther Sleep

CHIEF OF POLICE EMPLOYED

During the week an important case was decided by the court at Washington which has an important bearing not only in Charleroi, but in every other community as well. This was the case of an injunction against Isaac Walker restraining him from keeping dogs to the annoyance of people who claim that the dogs delight to bark and bite and bay the moon, and thus drive away sleep from tired bodies.

The action was brought by Harry P. Chambers on behalf of himself, his family and tenants, to restrain Mr. Walker from keeping his bloodhounds and other dogs in the kennels at the rear of the garage of the Washington Auto company, East Maiden street. A number of witnesses were called, residents of that section, and there is a difference of opinion as to the alleged nuisance of the dogs.

Mr. Chambers, as set forth in his petition for injunction, testified to the annoyance caused himself, family and tenants at night by the baying and howling of the dogs.

For Mr. Walker a number of residents of that section testified that the dogs were no annoyance to them; that they barked at times, but not enough to disturb their slumbers.

The court later handed down an opinion making the preliminary injunction perpetual, and stated that the particular locality was not the proper place to keep dogs. The defendant was also sentenced to pay the costs.

Notice.

The Red White and Blue reception will be given Saturday, September 25. Will continue during the season.

CHRISTIAN CHURCH HAS BIG RALLY DAY

Every Pastor of Denomination Preaches From The Same Topics

Tomorrow will be observed generally among the Christian churches as "Declaration Day" and "Centennial Rally Day." The aim for the Bible school is 2,500,000 present. Over 7,000 ministers will preach on the subjects: "Where the Bible Speaks we Speak and Where the Bible is Silent we are Silent" at one service and "A Century of Bible Study" at the other.

The services tomorrow are in preparation for the Centennial convention to be held in Pittsburgh, October 11 to 19. This community is particularly interested in this convention, for it was the Brush Run church near Middletown, Washington county, that the first independent congregation of the body was organized, and the present clerk of the Redstone Baptist association, from which the Campbells separated, is a resident of Charleroi, Wm. Shanton, of 502 Meadow avenue.

These themes will be presented from the pulpit of the local congregation tomorrow at 11 a. m. and 7:30 p. m. A Bible school rally will be held in the morning with an aim of "600 present." The session will be held at 9:45 a. m.

Observed Event

The Daughters of Rebekah Lodge No. 229, I. O. O. F., celebrated the fifty-third anniversary of its birth last evening at their lodge room. A very interesting entertainment was given consisting of recitations, songs and music with a sumptuous lunch served at the last. Many new names for admission into the lodge were given in.

Dale Allen of Girard, Ohio, was a Charleroi visitor yesterday on business.

TO KEEP THE LINES INTACT

Object of Rally Tomorrow at First Presbyterian Sunday School

SCHOOL MUSIC A FEATURE

Tomorrow the First Presbyterians anticipate a red letter day in attendance at their Sunday school, which is the occasion of a special rally. All departments of the school are expected to be well represented, and the smaller children and older members of the church will be given prominence by a good representation from the Cradle Roll and Home Department. Reports of interest from representatives of all departments will be one of the leading features to show the growth of the school since the present graded system was adopted about eight months ago. New life has come into the school and there has been a healthy growth with no spasmodic effort, but rather of an increasing interest on the part of officers and teachers. It is hoped that the Rally Day will serve "to strengthen the things that remain."

The music has been enhanced by the introduction of an orchestra of five or six pieces under direction of W. C. Clark that renders excellent service. Give adult Bible classes have been organized and have given quite an impetus to the growth in the adult attendance. The offering will be taken for the board of publication and Sabbath school work which is doing a fine work in the distribution of Bibles and Christian literature in different languages among those who arrive from various foreign countries, such as Italians, Hungarians, Poles and Slavs at the port of New York.

The church service in the morning will follow in line with the Sunday school idea, and the regular service in the evening. A cordial welcome is extended to all. Strangers are made welcome.

PICNIC AT PARK AN ADAMLESS EDEN

Sales People Minus The Men of Berryman's Store Have Outing

A very enjoyable time was had by about 17 of the female force and ex-clerks of Berryman's big department store in the form of a good old-fashioned basket picnic yesterday evening. Taking the 6:15 car for Eldora the ladies arrived at the park at dusk. On the way to the park quite a little amusement was caused by some of the girls becoming over hungry and starting to hunt for good things in the well packed baskets. A mild mannered man on the car was much startled by finding his physiognomy coming in collision with a "heavier than air" dirigible banana peeling, and he only assumed a less frightened air when shown the perfect harmlessness of the missiles.

The evening was a most pleasant one especially the refreshment features. One young lady had an unlimited capacity and an inordinate desire for beef loaf, but finally had her appetite satisfied for this very tasty picnic product. Whether it was for a consideration of such a collection of bright young ladies or not, the electric lights refused to work at about eating time, but satisfactory arrangements were made with them and the lights came on again as bright as ever.

Dancing was indulged in and much enjoyed owing to the coolness of the evening. The ladies all enjoyed the outing which is a regular event in the "big busy store."

Miss Margaret Abell has been spending a few days with her brother Edgar E. Abell of 509 Crest avenue, leaving for her home in California on Friday evening.

ANOTHER BIG PLANT

United Steel Corporation Will Build One At Duluth

Plans for a mammoth steel plant to be built at Duluth by the United States Steel Corporation are nearing completion. A big dock is also contemplated there. The constantly increasing demands for finished steel products is taxing the capacity of the plants of the corporation throughout the country.

The dock will be constructed of steel and concrete. It will be 2,305 feet long and will contain 884 pockets. The deck of the dock, on which the ore will be dumped from the cars into the pockets, will be 74 1-2 feet above water.

The corporation will have its three wooden docks at Duluth overhauled. This new plant would mean big coal shipments from the Monongahela valley.

CHARLEROI PONY WINS \$100 PURSE

Race Was Most Exciting Track Event at Carmichaels Fair Yesterday

OPPONENT TRIED TO FOUL

Through an entry in the pony race at the Carmichaels fair yesterday Charleroi figured somewhat prominently. This was on account of Jay Reeves' Indian pony "Dandy," or "Shista," under which name it was entered, winning the contest and capturing the prize of \$100.

"Shista" was entered in a pony race Thursday, but was beaten because the rider of another pony out-jockeyed Jay Reeves who rode his own pony, and had never had any racing experience. "Shista," however, showed such good form that another race was arranged for yesterday. In this the Charleroi pony was ridden by Blake Thomas, and the contest was the most exciting track event of the day. The event was a half mile running race, and "Shista" was a favorite. "Billy Roy" owned by Lincoln was a close second, and it is stated that his rider resorted to foul tactics, crowding "Shista" to the fence and whipping the latter pony over the head on the home stretch. The Charleroi pony, however, came in ahead amid great enthusiasm.

"Shista" was brought by Mr. Reeves direct from the Western plains, where he was owned by an Indian who used to win races out on the prairies. The Carmichaels event, however, was the pony's first experience on a track.

Four Days' Conference in Pittsburg Results in Adoption of Scale

NO REDUCTIONS ARE MADE

Workers and Officials Expect Orders to Start Local Factory Soon

Although no official notice has been received at the Imperial Glass company's bottle factory here, or by the local Bottle Blowers' union, word came from Pittsburg that the conference committee of manufacturers and workers had reached an agreement, on the scale for the coming year, which has been holding up operations at all the bottle factories within the jurisdiction of the union. This is good news, as it insures an early start of the Imperial Bottle factory here.

According to the report, after a four days' conference in the Hotel Schenley in Pittsburg, the Glass Bottle Blowers' Association representatives and the manufacturers reached an agreement which, with a few modifications, was practically the 1908 wage scale. The manufacturers will open their plants at once, and it is expected that most of the 10,000 men out of work in this industry will resume work within the next three weeks and that all will be at work by November 1.

At the conference in July the manufacturers demanded what was practically a 50 per cent reduction, which the blowers declined to accept, with the result that all factories have been closed down since that time, although many of them were closed previously owing to the depression in business conditions. One of the representatives who attended the conference stated that by November 1 conditions would be better than at any time since 1907.

He claimed that the victories won throughout the West and South by local optionists and Prohibitionists had done much to hurt the bottle trade as there were 8,000 blowers employed in the beer bottle industry alone, but that many of these men would engage in making other kinds of ware and that eventually they did not exact the damage done would be noticeable.

Local members of the Bottle Blowers Association stated this morning that they have not yet received word as to the result of the conference, and the same intelligence was given out at the office of the Imperial factory here. Both sides however, are confident that everything is settled, and that an early start will be made here as soon as the tanks can be fired up.

School Picnic.

The North Charleroi school enjoyed an outing at Eldora Park yesterday. T. P. Sloan very generously furnished a special car for the transportation of the school. Games were indulged in and the amusements enjoyed to the fullest extent by the children and teachers. Aside from a few unfortunate mishaps everything went off in a most pleasing fashion. The children are better for these outings and go back to their work with extra energy and vim.

Mrs. Elizabeth McDonough of Fifth street is spending Saturday with California friends and also looking after her business interests in that town.

This Small World.
"About ten years ago, when I was living in a village in Illinois," said the red-headed man, "I had business to call me to London. My getting ready for the trip was the talk of the place, and a day or two before I started I was visited by a farmer who was an Englishman and who said:
"If you are going to London would you mind seeing my brother Jim and telling him his brother Tom over here is well and doing well and wants him to write often?"
"What is your brother's other name?" I asked.
"Smith, sir—Jim Smith."
"I told him I would keep an eye out for the Smith family, and he thanked me and withdrew. In due time I arrived in London from Liverpool, and as I took a cab at the depot I queried of the driver:
"Do you happen to know any one in London named Smith?"
"I'm a Smith myself, sir," he replied.
"But a Jim Smith?"
"I'm a Jim Smith."
"But a Jim Smith who has got a brother Tom in America?"
"I've got one, sir."
"But a Jim Smith whose brother Tom in America is a farmer in Illinois and wants to be written to often?"
"That's me again, sir, and here's the proof of it. I'm just going to mail him this 'ere letter."
"And hang me if he didn't show me a letter ready for mailing and prove his case on the spot. He was the first man I had spoken to in London, and he was the Jim Smith I had been told to look out for."—Chattanooga Times.

Mrs. Geo. L. Roberts was in town from Pittsburgh today visiting her sister, Mrs. E. C. Niver.

Jos. Haube, the florist, delivered today at Pittsburgh a beautiful floral tribute from the local factory of the Pittsburgh Plate Glass works for the funeral of W. D. Hartup. It represented a broken wheel against a shaft.

Iron Work Completed

The iron work on the new river bridge at Monongahela was practically completed Wednesday. There remains some beams to be placed for the sidewalk, which will be located on the south side of the bridge, but this work will not take a great deal of time. A-1 the heavy work is practically completed and the traveler will likely be dismantled at once. Other departments of the work are being pushed with vigor, and it is expected the structure will be ready to turn over to the two counties by the middle of November.
